## USSR Asks Narrowing Of Air Lift Corridor

### Comes As RR Strike Cuts Berlin Goods

Berlin, May 27—(AP)—The Russians suggested narrowing of one of the three air-lift lanes to Berlin as a safety measure today, saying Soviet military maneuvers will start immediately and they will not be responsible for Allied planes entering the "danger areas."

United States and British authorities replied that their planes will continue to fly the corridors—20-mile wide links between West Berlin and West Germany—without deviation.

The notification was given to the western allies as total paralysis gripped the railway from Helmstedt in this seventh day of a strike by anti-communist west Berlin rail workers.

#### Supply Situation Critical

Berlin's supply situation appeared as critical as it was at the height of the recently lifted Soviet blockade.

The airlift, manned by Americans and Britons, has again become the main source of supply to West Berlin. It is steadily ferrying in about 8,000 tons of food and other things daily. The two allies had planned to use the airlift to stockpile 200,000 tons of supplies as a protection against another blockade.

C. P. Zorchenko, chief Russian air controller at the Berlin air safety center, advised the allies to shift their airlift route in the Buckeburg corridor from the British zone and detour planes along the northern edge. He said there would be air to ground firing "from May 28 on" at heights up to 30,000 feet. British and American officials protested. They said this would permit use of only a third of the lane.

Willy Kreikemeyer, president of the Soviet-controlled Reichsbahn (railway system), made a new peace offer to rail strikers—60 per cent wage increase—in a radio Berlin broadcast tonight. Strike leaders immediately called the offer worthless.

West Berlin's lord mayor, Ernst Reuter, demanded that the Reichsbahn capitulate to the 12,000 strikers' demands for:

Full wages in west marks. They have been paid in less valuable east marks and rejected a previous management offer for part payment in each currency. All live in west Berlin, where the west mark is the legal currency.

Recognition of the anti-communist UGO (independent labor organization) as their legal bargaining agent.

The strikers also have demanded rehiring of rail men they charged were dismissed in the past year for "political reasons."

Rail tracks in the Soviet zone were jammed with 34 stalled freight trains which left west Germany with food and 18,000 tons of coal for Berlin.

## Police Check Gun's History To Find Reuther Assailant

Detroit, May 27—(AP)—Police set out on an exhaustive piece of cross-country detective work today to solve the shooting of Victor Reuther. The gun with which the brother of Walter Reuther was shot Tuesday night was flown in a Michigan state police plane to Chicago Police.

There detectives were to confer with officials of the Stevens Arms Co., makers of the gun, in an effort to track down the weapon's recent history.

They based their hopes on these facts: the type of weapon used in the shooting has been in production about 2,000 have been produced.

Thus by gridding, detailed work, the hunters hoped to find the man or men they sought.

In their search they were promised the co-operation of the FBI. As in most major crimes in this area, the FBI already has opened its laboratories and certain of its records to Detroit and state police.

## Rita And Aly Married In Glamorous Wedding

Cannes, France, May 27—(AP)—The blue, silk crepe dress and broad pigtail from Brooklyn and Hollywood, Rita Hayworth, became a princess same delicate color, appeared just today by marrying the Aly Khan, a little nervous. Her lips trembled. The French civil ceremony will be followed soon by religious rites in the Moslem faith of the bridegroom.

Tonight, after a reception run off at the rate of 15 bottles of champagne per guest, the couple were mapping a honeymoon that will include a trip to England for the derby.

Rita and Aly said "yes" shortly before noon in the town hall of nearby Vallauris, a two-mile hop from the sunlit Mediterranean.

Paul Derigon, communist mayor of the village, officiated at the double ring ceremony. Obviously impressed by it all, he referred to the bride as "your highness" and wished the couple happiness. He also got in a plug for Vallauris' ceramics and pottery industry.

The actress, radiant in a light treuse.

## Big Four Meeting Reaches Standstill

### AMERICAN SHIPS LEAVE TSINGTAO AREA

Washington, May 27—(AP)—The navy said today it had been informed all its ships and shore personnel in the Tsingtao area had left a "couple of days ago."

Recently the force at that north China port had included a cruiser, and one or two destroyers.

Tsingtao has been used by the American navy as an operating base since soon after the end of the war.

### Shanghai Nearly Back To Normal

### As Reds Take Over

Shanghai, May 27—(AP)—Traffic was snarled again on Shanghai streets today. Hawkers crowded the sidewalks. Money changers invitingly clinked their silver dollars.

Asia's largest city was thus back to near normalcy as the fighting phase of the communist take-over ended.

No planes roared off the international airport, however, and the only ships in the usually busy Whangpoo river were those scuttled by the departing nationalists.

There were other noticeable changes; some good, and some not so good.

The police system seemed better already. The arrogant mob of nationalist soldiers had been replaced by disciplined red troops who strictly minded their own business.

About 50 truckloads of red garrison forces arrived from Soochow early Friday. One of these MPs told a Chinese reporter, "we won't treat you as well as the fighting troops do, but I think we will get along."

There were other indications that the plan was not entirely ready. It was not ready for today's session, and for that reason, among others, there was nothing to talk about today. So the ministers talked for three hours about what they had talked about in the four previous sessions.

Outside the conference chamber officials from the West met in the French foreign ministry to work on the draft of proposals which kept them up until after midnight last night.

### Bridges Taken On Warrant Charging Perjury And Fraud

San Francisco, May 27—(AP)—Harvey Bridges surrendered today on a federal warrant charging perjury and fraud. He was released on \$50,000 bail pending his trial June 3.

Federal Judge Louis Goodman rejected a government attempt to have the CIO longshore leader's bail lifted to \$200,000.

Bridges, Australia-born head of the International Longshoremen's and Warehousemen's union, is accused of making false statements in connection with his nationalization here in 1945. He is accused of swearing falsely that he was not a communist and of conspiring with two others named in the incident to defraud the government.

The other two are Henry Schmidt, an ILWU executive directing the current longshore strike in Hawaii, and J. W. Robertson, first vice president of the ILWU. Both are free on \$5,000 bail each. They were not charged with perjury.

### CHRYSLER STRIKERS GO BACK TO WORK

New Castle, Ind., May 27—(AP)—The 3,700 CIO-United Auto Workers who walked out of the Chrysler plant here yesterday were back at work today.

Floyd Abston, president of the union local, said the workers had decided to take up through a grievance committee their complaints of violations of seniority rules.

## West May Ask Bonn Constitution Cover East Zone

Paris, May 27—(AP)—The four-power foreign ministers' conference came to a dead stall today, but western members planned to steam it up with a new proposal.

The suggestion evidently would call for extension of the new Bonn constitution for western Germany into the Russian zone. The constitution contains guarantees for a democratic government.

Informants said the Russians are sure not to like it. They added that the proposal promises to bring a quick answer to a hot question. Do the Russians intend to come to an agreement at this time, and if so, how far are they likely to go to meet western demands?

### Kim Calvin, 13, Of Canton, Ohio, Top U.S. Speller

Washington, May 27—(AP)—Thirteen-year-old Kim Calvin of Canton, Ohio, became the nation's top young speller today in competition so fierce the runner-up fainted moments after the contest ended.

James Shea, also 13, from St. Saviour school in Brooklyn, finished second in the 22nd annual national spelling bee.

And then, overcome by the strain of almost five hours of steady spelling, he toppled, and would have fallen from the platform if it hadn't been for a crowd pushing forward to congratulate the finalists.

James revived quickly, and soon was feeling fine, though sheepish because he had created so much excitement.

In order to win, Kim had to spell more than 50 words correctly—and outspelled 48 other city and regional champions. They were sent here by Scripps-Howard and other newspapers from coast to coast.

### Live Hog Prices Baffle Traders; Sell For \$21.50

Chicago, May 27—(AP)—A surprise advance in live hog prices this month has the livestock trading fraternity baffled.

The advance picked up momentum today when prices jumped between 50 and 75 cents to the best level since March 26. Top was \$21.50 a hundred pounds.

In addition to surprising local traders, hogs appeared well on the way to making a bad prophet out of Agriculture Secretary Brannan.

Brannan on April 12 predicted the agriculture department would have to start buying pork "within sixty days" to support live hog prices. It was pledged to support them at \$16.75 for good and choice butcher hogs.

On that day the top was \$19.65. But forty-five days later hogs are selling \$1.85 higher than when Brannan made his prediction of lower prices.

### Hammond, Indiana, Man In 51st Day Of Religious Fast

Crown Point, Ind., May 27—(AP)—Police said today Joseph McAllister, 34, Hammond, Ind., machinist, is in his fifty-first day of religious fasting.

Lake county sheriff L. B. Clayton said McAllister is taking only water and salt in his jail cell here while awaiting "word from God to break his fast."

The sheriff said McAllister added he was "on trial before the Lord."

Sheriff Clayton said he will seek to have McAllister transferred to the state mental hospital in Logansport for treatment. He added he was afraid the man might die in April.

McAllister's weight has declined from 185 pounds to 103, but his health seems fair, the sheriff said.

The man's wife, Marilyn, 32, is recovering in a hospital in Hammond. She was taken there nine days ago in a state of malnutrition.

The two were found in their trailer home by Hammond police investigating information by relatives.

The game of auction bridge originated in India.

## Testifies Hattman Made Death Threat In Her Presence

Cedar Rapids, Ia., May 27—(AP)—A surprise witness in the murder trial of Robert C. Rutledge, Jr., testified today that the late Byron C. Hattman flashed a knife and made a death threat in her presence last August.

The witness was Mrs. Agnes Schenberg, 65-year-old janitress in a St. Louis plant.

District Judge J. E. Heiserman interrupted the final pleas to the jury after the defense asked that testimony be re-opened so Mrs. Schenberg could testify.

Dr. Rutledge, 28-year-old St. Louis children's specialist, is charged with stabbing Hattman to death here last Dec. 14 during a fight which involved the young engineer's alleged seduction of the doctor's blond wife, Sydney, 23.

Mrs. Schenberg said the man whom she recognized from a newspaper picture only last evening as being Hattman came into the plant where she worked last Aug. 15.

Then a reception center about the swimming pool was held at Aly's Chateau De L'Horizon.

Rita was a picture of happiness. Aly bubbled like the champagne his guests were drinking.

Some of them also were drinking the couple's happiness. He also got in a cocktail, called Ripley, invented a plug for Vallauris' ceramics and pottery industry.

The actress, radiant in a light treuse.

## Coplon Swears She Is Innocent; Says Spy Charge Is Plot

Washington, May 27—(AP)—Judith Coplon swore at her espionage trial today that she is innocent of wrongdoing, and charged that someone has hatched a "plot" to destroy her.

In a 45-page affidavit, Miss Coplon said "the only crime I can be said to be guilty of is that I knew a Russian."

She asked the court to bar the government from using papers found in her purse as evidence.

Chief Prosecutor John M. Kelley Jr. said the papers are the backbone of the government's case. FBI agents have testified they seized the papers when Miss Coplon and her alleged Russian sweetheart, Valentine A. Gubichev, 32, were arrested in New York last March 4.

Miss Coplon, 28, is a former justice department analyst.

Federal Judge Albert L. Reeves did not indicate when he would hear arguments on the motion to suppress the papers.

Defense Counsel Archibald Palmer has contended from the outset of the month-old trial that Miss Coplon's purse and its contents were illegally seized because FBI agents admittedly had no warrant when they arrested her.

She was stabbed nine times in the neck. Her body was found the night of April 26 by her daughter, Alice, 27, in the bathroom of their northwest side apartment. Bloody, seven-inch scissors lay near the body.

Capt. O'Connell said the wounds were shallow and possibly "hesitation marks" made by someone working up courage for a fatal thrust. He said there were no signs of a struggle and that Mrs. Grinde feared she had cancer.

"It might have been suicide but we can't be sure even of that," O'Connell said. State's Attorney John S. Boyle has expressed doubt of the suicide theory.

## Jake The Barber Opposes Touhy's Bid For Freedom

Chicago, May 27—(AP)—John (Jake) The Barber, Factor, 54, paroled swindler, came back to town today to oppose Roger (The Terrible) Touhy's bid for freedom from Stateville penitentiary.

Captain Daniel Gilbert, head of the state's attorney's police staff, promptly assigned the visitor a bodyguard.

Touhy, prohibition era gangster, is serving 99 years for kidnaping Factor and another 199 years for aiding another prisoner to escape. He has petitioned for a writ of habeas corpus, contending that at one police showup Factor failed to identify him as the kidnaper.

Factor, nattily dressed in a brown flannel suit, came here at the bidding of State's Attorney John S. Boyle who said every effort would be made to keep Touhy in the pen.

Factor talked with newsmen after a visit to Boyle's office this morning.

## Indian Seamen Buy Trouserless Suits

Albany, N. Y., May 27—(AP)—Jake's Clothing Store had 40 extra pairs of pants stored here when Indian seamen who wanted only trouserless suits.

About 50 Indians from two British ships docked here and told a surprised clerk they didn't have any use for the pants. They don't wear them in India.

The store supplied the coats and vests—about 500 of them—and at a discount too.

The store had a large number of extra second-hand coats and vests on hand when the Indians started appearing early this week. Philip Schwartz, the clerk, explained, He had to break about 40 suits to fill the demand, however.

The sailors told Schwartz that they wear a sort of apron, sort of white cloths wrapped around the waist—in India that is.

## British Court Frees Eisler To Resume Flight To Reich

### NLRB Rules Lewis' Union Shop Clause In Contract Illegal

Washington, May 27—(AP)—The National Labor Relations board ruled unanimously today that the union shop clause in John L. Lewis' contract with coal mines owned by the steel companies is illegal.

The decision came amid Lewis' already troubled contract talks with mine operators.

The board gave Lewis 10 days in which to promise:

1. To drop the union shop clause with the steel industry's "captives" coal mines.
2. Not to call a strike to force continuance of the present union shop contract or demand that the steel industry continue it.

Lewis and the U. S. Steel corporation declined immediate comment on the board's action. But Lewis is almost certain to appeal it all the way to the supreme court.

The clause, in fact, specifies that it shall remain in effect until nullified by a "court of last resort."

The clause requires all miners to be members of Lewis' United Mine Workers union—the same condition he has in contracts with the rest of the soft coal industry.

The Taft-Hartley law permits a union shop, but only if the workers covered agree to it beforehand in an NLRB election.

## Jury Can't Reach Verdict On How Woman Met Death

Chicago, May 27—(AP)—A coroner's jury reported today it had been unable to find out if the scissors stabbing death of Mrs. Hazel Grinde, 56, was suicide or murder.

It returned a verdict of "undetermined." Police Capt. Patrick O'Connell said police could not find any reason for anyone wanting to kill the woman.

She was stabbed nine times in the neck. Her body was found the night of April 26 by her daughter, Alice, 27, in the bathroom of their northwest side apartment. Bloody, seven-inch scissors lay near the body.

Capt. O'Connell said the wounds were shallow and possibly "hesitation marks" made by someone working up courage for a fatal thrust. He said there were no signs of a struggle and that Mrs. Grinde feared she had cancer.

## Says State Parks Ready For Citizens Over Memorial Day

Springfield, Ill., May 27—(AP)—State officials said today the state's parks and fishing areas are ready for Illinois citizens seeking recreation over the Memorial Day weekend.

Raz Hubbs, state park superintendent, said more than half a million persons are expected to visit state parks during the holiday. He said picnic areas have been renovated and the system is in "top shape."

The State Conservation department said that black bass fishing prospects in southern Illinois are good. The season has opened throughout the state on pickerel, pike, and trout.

Pickerel and pike are found generally only in the northern part of the state. The department said trout abound streams in several northern counties.

State officials said the volume of traffic over the holiday weekend is expected to reach double the normal flow on Illinois roads. They urged caution in driving on state highways to keep accidents to a minimum.

## Automobile Dealer Freed On Bond In Tax Evasion Suit

Chicago, May 27—(AP)—William Searle, 45-year-old Geneseo, Ill., automobile dealer, was released today on \$3,500 bond after a federal judge refused to let him change his plea of guilty to an income tax evasion charge.

Searle's bond was set after his attorney filed notice of appeal. Searle's plea of guilty had led to his conviction and sentence to 18 months in prison on March 21.

On May 23 Searle and his cousin and attorney, State Rep. Clinton Searle (R-Rock Island) filed a joint request for permission to change his plea from guilty to innocent. They said in affidavits that he did not understand the possible consequences of a guilty plea when he filed it.

Federal Judge John P. Barnes today refused permission for a change of plea. He said "it would be a miscarriage of justice" to allow the motion for a change in plea and that "it would serve notices on defendants that they could play fast and loose with the court."

Today's appeal notice was filed with the U. S. Court of Appeals.

## Farm Prices Drop 1.5% In Month

Washington, May 27—(AP)—Farm product prices dropped 1.5 per cent between mid-April and mid-May, the Agriculture Department reported today.

This decline largely reflected lower prices for most meat animals, dairy products and truck crops.

The level of prices paid by farmers for items used in rural living also declined, the amount being 4 per cent.

The general level of prices received by farmers in mid-May was 236 per cent of the 1909-14 average. This compared with 250 per cent in mid-April, with 289 per cent in mid-May last year and with the record of 307 set in mid-July 1948.

The level of prices paid by farmers for living items and farm production materials in mid-May was 245 per cent of the 1909-14 average compared with 246 per cent a month earlier, 250 per cent a year ago and with the record of 251 set in mid-August 1948.

## 3 INJURED IN CRASH

Frankfurt, Germany, May 27—(AP)—A United States aircraft plane crashed in the British zone of Germany today. Three American fliers were injured slightly.

In another crash near the American zone city of Augsburg, two British airmen were killed after their two-engine bomber caught fire and plunged to earth.

### Bob Ripley, Of 'Believe It Or Not' Fame, Dies

New York, May 27—(AP)—Robert L. Ripley, 55, who gave the title "Believe It Or Not" to a one-shot sports cartoon and saw it grow into one of the world's most popular newspapers, died today.

He had entered the Hearst pavilion of the Columbia-Presbyterian Medical center yesterday after a brief illness. The hospital said he died of an acute heart attack.

Only last Tuesday night he appeared on his weekly television show, latest phase in the fabulous career of his "Believe It Or Not" idea.

Since he started the cartoon in 1918 it had grown into a weekly, then a daily feature, jumped from a single newspaper feature to a chain of 30 papers and later to some 300.

It had won him fame as a radio entertainer, author, and star of movie shorts. To collect his material he had traveled throughout the world and at one time hired more than 70 persons—including nine just to handle his mail.

He had columns at the Chicago and New York World's fairs and the San Francisco exposition, and received several honorary college degrees for the educational value of his work.

His home at Mamaroneck on Long Island Sound, called "Bion" from the initial letters of his famed cartoon, was a museum of curios. He once valued them at \$2,000,000.

It was poster for a baseball team on which he played that brought Ripley his first full-time job.

The editor of the San Francisco Bulletin saw the posters and hired the 16-year-old Ripley as sports cartoonist, paying him \$3 a week.

## Solons Ask Check On AEC Spending

Washington, May 27—(AP)—The Post Office Department said today it is okay by it if people want to make a mountain out of a mole hill.

The department said it has officially entered on its record the fact that Mole Hill, West Virginia, has changed its name to Mountain, West Virginia. The latest census figures give the population as 93.

These developments came in the midst of a full-dress probe of AEC chairman David Lilienthal's guardianship over the nation's atomic secrets.

Demanding Lilienthal's Job  
Senator Hickenlooper (R-Iowa) has demanded that Lilienthal be fired for "incredible mismanagement and maladministration."

Chairman McMahon (D-Conn.) of the Senate House Atomic Energy Committee announced the new turn after a closed-door session in which the committee discussed how broad a scope the Lilienthal inquiry should take when it resumes in public hearings next week.

McMahon said the full committee disapproved an AEC plan for a 172-mile pipeline to carry natural gas into the great Oak Ridge, Tenn., atomic plant, and he told newsmen: "Measures are being considered which undoubtedly will take the form of legislation to require pre-approval by Congress of major AEC spending projects."

The AEC is seeking \$1,090,000,000 to spend over a 12-month period beginning July 1.

McMahon cited a subcommittee report which found that "adequate" coal stocks are available to insure continuous production at Oak Ridge without building a costly pipeline. The proposed pipeline would be a branch line connecting with existing lines which carry gas from Texas. It would be built by a private company, with the AEC contracting to buy the gas.

The subcommittee, headed by Rep. Durham (D-NC) criticized the AEC for failing to make "a thorough review of the situation" since since the decision was made in January, 1948, that the line was necessary.

## GEN. CLAY, WEARY AND RETIRING, RATES THANKS AND 'WELL DONE'

A tired little man with a soft voice stood before President Truman the other day to receive a decoration for services "of supreme value to his country and humanity." He was Gen. Lucius D. Clay, retiring American military governor of Germany. He had come home after long war duty and four years with the occupation forces, the last two as commander.

General Clay fully merits the President's tribute, the high praise he won from Secretary of Defense Johnson and the ovation Congress gave him. He rates a ringing "well done" from all of us.

For this frail man with the piercing eyes and iron will has been the key figure in Berlin, the hottest spot in our cold war with Russia.

It has not been a relaxing assignment. The general has had to worry about the Russians, the Germans, the French, the British, his own Army superiors and the American civilian authorities. With or without guidance from home, he has had to steer his way through crisis after crisis.

The tense months of the Berlin blockade were of course his biggest test. When Russian fighter planes buzzed our airlift transports, Clay brushed them aside like pesky mosquitoes. When Soviet soldiers inched forward into American sectors of the divided city, the general ordered G. I. chests to thrust forward just enough, but no more than needed, to retake the lost territory.

The lifting of the blockade is a victory for the West, and General Clay is the symbol of that triumph. But he represents more. He played an important role in spurring Western Germany's economic recovery and its recent creation of a new democratic constitution.

No one expects an occupation general to win a popularity contest among the people of an occupied country. To many Germans Clay undoubtedly personified the victorious enemy. But to a surprising number he appeared to stand for some sort of vaguely-defined new hope. Thus it is no great shock to learn the Germans are naming the street where he lived "General Lucius D. Clay Strasse."

Trained correspondents say the French regarded Clay as too imperious, as a man who didn't understand their history and their undying fears of a revived Germany. The general firmly believes an economically strong Germany drawn into the western web of nations is vital to future peace. He does not condone her past errors. But he is afraid that if we do not pull her into our orbit, the Russians will attract Germany eastward.

We can only guess what the Russians think of Clay, but it must be plenty. They provoked him endlessly, but they never stirred him to rash action. He presented them with an unyielding front, a stern resolve not to abandon Berlin and not to be goaded into acts of war. At last, it was the Russians who yielded—to us and General Clay.

That yielding was the signal for the weary general to seek his rest. He's home now, and all he wants is a bit of catfishing in his native Georgia. We Americans can say gratefully: "Thanks for everything, general. And good fishing!"

## Radio Offers Small Reward To Many Golden Voices

BY HAL BOYLE

New York—P—How would you like to be 34 years old and realize you weren't making as much money as you did at 6?

Wendell Holmes is in this position. He is one of the better-known voices from the void that come out of your radio box.

His career is a good example of the hardships in radio acting, a field in which many feel themselves called, but few hear themselves chosen. For to many golden voices radio offers a meager reward.

"There are about 5,000 radio actors here," said Holmes. "And last year they averaged \$16 a week salary. Only about 500 manage to earn a truckdriver's living."

**Started At \$20 Per Week.** Holmes, an ex-child chautauqua star, is now among the top 150 radio actors whose incomes reach several hundred dollars a week. But it took him 15 years to get there. And many were hungry years.

"When I started in 1934 I got \$20 a week for working in 30 shows," he said wryly.

Since then Holmes has been the voice of Winston Churchill on a number of radio programs and March of Time films. He is currently in three daytime soap opera serials. He also plays Dr. Watson on the MBS Sherlock Holmes program and also enacts the title role in another MBS production, Scattered Baines.

Holmes was named after poet Oliver Holmes by his school-teacher parents. At the age of 6 he won an oratorical contest in Middleport, O., and a chautauqua scout signed him up.

For the next four years I got \$300

a week or more," he recalled. "That about ruined me, as I've never been able to equal it since."

Toured With Bryan For two seasons he toured with William Jennings Bryan. The boy gave matinee monologues. Bryan held the natives spellbound with a four-hour tent oration in the evening.

When he was ten, Holmes realized he was growing up—and chautauqua was growing down. He went back to school and graduated from Ohio State University at 18.

His parents wanted him to become a history teacher. But Holmes chose radio. His first program on a Columbus, O., station—a 15-minute monologue which he wrote himself—paid \$5 a week. Then he came to Manhattan.

"It is hard to get known here," he said. "It isn't so much what you can do that's important. It's whether you can convince enough directors and producers that they can rely on you. That takes a long time."

## Improved Rat Control Methods Check Typhus

By EDWIN P. JORDAN, M. D.  
Written for NEA Service  
Jail fever, or typhus, is spread principally by rats. Cases of the non-epidemic variety have been discovered in at least 137 States and the District of Columbia. In one recent

year more than 53,000 cases were reported to state health departments.

Typhus primarily a disease of rats is carried from these animals to human beings, principally by fleas. Since many cities and rural areas are now badly overrun with rats, we must be constantly on the alert to see that this, as well as other rat-spread diseases, does not get out of control.

The best line of attack against typhus is rat control. Three methods are being used: community poisoning and eradication in business establishments, and good general sanitation.

Since murine typhus (the non-epidemic variety) has become a major public health problem, the United States Public Health Service has become actively engaged in assisting the war against rats in those communities where the disease is threatening.

Improvements Made  
New rat poisons have proved tremendously successful. Ratproofing of buildings also has been greatly improved through the use of more permanent materials and better construction. Getting rid of garbage and other rat foods is an important part of the campaign against the disease carriers.

A new method of attack on the rat flea has also proved its worth. This consists in the use of DDT dusting powder applied to rat runs. DDT powder used in this way kills most of the fleas or the rats and thus reduces typhus among the rats for periods as long as three months.

Treatment has also improved. A chemical, the name of which is usually abbreviated PABA, seems to give good results. Prevention is more important than treatment, however, and this will be considered successful only when there are no more cases to treat.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

By EDWIN P. JORDAN, M. D.  
Question: My eight-year-old daughter repeatedly asks: "Mother, is everything real or am I just dreaming of this?" She seems quite bright in school, but is sensitive and touchy.

Answer: This sounds like a very imaginative child. Frequently children of this sort so especially for in art or music if they are given the opportunity and understanding encouragement.

# ISLAND OF ESCAPE

By Hugh Lawrence Nelson

THE STORY: Bea Cosgrove has learned that Fred Silwell, like himself, is not satisfied that Lilly Warren's death on Spear Island was suicide. Silwell, whose yacht was wrecked off the island, knew Lilly before she came to the island as a prospective bride of Henry Gough Harding, owner of the island. He offers to pay Bea if she will find out things and tell them to him exclusively. As Bea leaves Silwell she meets Mollie Stark, one of Silwell's party with whom Harding is infatuated. She eavesdrops and learns that Silwell wants Mollie to "play up" to Harding, but that Mollie doesn't like Harding because he's "no fun."

XXIII

THE night was inky black with a high overcast hiding any stars. Bea Cosgrove skirted the house, guided by fingertips running along the rough stone. Once inside the entrance to the storerooms she lit the single forbidden match.

The feeble glow let her move directly to the place where she had hidden a flashlight when she was in charge of supplies. She began a systematic search of the openings on the high-hand side of the corridor.

The third room she visited was empty. Near the center, an irregular, darker patch showed in the light of her flash. She bent over, rubbed her fingers along its edge. The stone was still damp. She put her hand to her face. There was no stain and no odor except a vague scent which might have been soap.

She had no warning.

A huge bare arm snaked around her from the left, crossed her body and gripped her right arm. At the same instant a hand, which covered her jaw from ear to ear, clamped across her mouth. The flashlight fell from her hand to stone but did not go out.

"Relax," Captain Oak said. "I do not mean to hurt you."

It was hard, one of the most difficult things she had ever done. She achieved a limpness at last. She staggered to a wall, leaned against it for support, gasping.

"I did not want to startle you,"

reminded. "I must go now. We will meet again. If—"

"If I'm still alive?"

"That was in my thoughts," he admitted. "But I will leave my gun with you since you have lost yours."

"I've no place to hide it. Especially one that size." She pointed the light to the gun in his holster.

"I'll hide it in the cave near the gold."

"The gold?"

Oak chuckled. "There is something you have not yet found out? Very well then. I will bury the gun in the sand of the cave near the entrance."

"Swell," Bea said. "If I should need a gun, do you think I'd have time to say pardon me while I run down and dig for an hour or two in the sand?"

"I'll think of something else. And if I'm fortunate I'll be back before the storm hits."

"You're no fisherman," she said suddenly.

He took her hand again and directed the light downward toward his bare feet, splayed to grip a pitching deck. "Fisherman's feet. I am the son of a fisherman. But a fisherman must have many sons. And nowadays fishing is big business, so one son must be educated. I was chosen and now I am a lawyer. But still a fisherman at heart and in body certainly."

"You spoke," Bea said curiously, "as if you too had been afraid."

"What do I fear? I am afraid of giving permanent injury to my family through some mistake of my own."

The pressure on her hand tightened for a moment, was relaxed. She stood, straining her ears, heard only the soft rattle of a single pebble to tell her she was alone. She took hesitant steps forward, came out from under the overhang of the veranda.

She skirted the wall, made the turn, hurried up the veranda steps. Henry Harding sat alone at the head of the huge table. He turned, faced her. She watched a gradual awareness of his surroundings come over his face.

"Ah, Miss Cosgrove," he said. "I thought you had retired."

## Paul Aney Named Valedictorian At Chandler H.S.

Chandlerville—Paul Aney, son of Mrs. Gretchen Aney, has been named valedictorian of the 1949 graduating class at Chandler High School.

Aney has been an honor student during his four years in high school and has also been active in sports, winning three letters in basketball and four in baseball. He was a member of the student council and the Future Farmers of America and also appeared in the junior class play.

Commencement exercises for the eight grade students will be held at the high school gym Tuesday evening, M. C. Crut, assistant superintendent for the state, will give the address.

Members of the class are Sue Hoon, Joan Duckwiler, Jean Fritch, Dorothy Marr, Faye Richards, Emma Jean Legue, Maxine Stewart, Dale Grimes, Douglas Gordes, Jack Toland, Ivan Case, Clyde, Allan Boensel and Paul Snyder.

The alumni association of the Chandler High school will hold a banquet and dance Friday, June 3, at 6:30 p.m. Final arrangements have been announced and committees appointed by the president, Eugene Vaughn.

## Enriched Bread Pays In Health

By Howard W. Blakeslee  
Associated Press Science Editor

New York (AP)—The laws that added B vitamins and iron to America's bread have paid off, says Dr. Russell M. Wilder, professor of medicine, Mayo Foundation Minneapolis. The enrichment began in 1943. But now, Dr. Wilder says, doubts have risen, and many who were warm supporters have little faith in the public health advantages.

To oppose this apathy Dr. Wilder cites health improvements which have gone unnoticed among Americans. He quotes from the experience of Newfoundland, a much smaller area, where the gains are easier to see. Newfoundland added the same B vitamins to its bread. But instead of adding iron, that country legis-

lated vitamin A into margarine, from 102.3 per thousands live births to 61.

There was less dry hair, roughened skin, cracks at the corners of mouths, chapping lips, and magenta

colored tongues, with tiny purple like knots on their surfaces. Calories apparently had nothing to do with the improvements, for Newfoundlanders for years have had enough calories. In that food essential they equalled American diets.

Dr. Wilder says that neither Newfoundland nor the United States added Vitamin C to public health requirements. The damage from that lack is plainly apparent in Newfoundland. Gums were reddened and swollen. Tooth decay and loss of teeth were worse in 1948 than in 1944. Blood tests showed lack of C. In all ways the C trouble had become worse.

When you make chicken stew brown the chicken parts slowly and for a long time before adding the liquid. The browning should take from 20 to 30 minutes at least and will make the gravy an attractive, rich color. Parsley dumplings are delicious served with a chicken stew.

## Fr. Andruskevitch Badly Injured In Highway Accident

Brighton, Ill. May 27.—(P)—The Rev. Casimir Andruskevitch, superintendent of the Catholic children's home in Alton, was seriously injured

last night when his automobile overturned four miles north of here. Attendants at St. Joseph's hospital in Alton reported his condition this morning was critical. Father Andruskevitch ran the automobile into an embankment to avoid striking another machine. Two nuns and four children also were in the car but escaped serious injury. They were returning to Alton after a picnic at Springfield.

Rev. Father Andruskevitch is well known in Jacksonville, having served for several years as an assistant pastor of the Church of Our Saviour. He was a chaplain in World War II.

## Wilson Smith Sells His Waverly Journal

Wilson M. Smith, owner and publisher of the Waverly Journal since 1910, announced Friday in this week's issue the sale of his newspaper to Alfred H. Hodgson, effective June 1. Mr. Hodgson goes to Waverly from Meredosia, where he has served as manager of the Meredosia Budget for the past two years. Mr. Smith's retirement from the publishing business will be of interest to large numbers of Central Illinoisans because they know him so intimately, either through personal contact or through the columns of his newspaper. For many years his publication has been looked upon by the newspaper profession and the public as just about everything a weekly newspaper should be. Mr. Smith made it that way!

## Junior Woman's Club At Ashland Installs Officers

New officers for the ensuing year were installed at the annual spring banquet held Thursday evening at the Mill in Springfield by the Ashland Junior Woman's club.

Those installed were Mrs. Lois Yancy, president; Mrs. Zeta Daubard, vice president; Mrs. Kitty Wolover, secretary; Mrs. Dorothy Holmes, treasurer; and Mrs. Helen Strubling, senior contact chairman. The installing officer was Miss Marjorie Ann Kobelia, junior district president for the past two years. Committee chairmen appointed by the president were Mrs. Sara Allen, program; Mrs. Genevieve Savage, social; and Mrs. Alvena Newell, membership.

Forty-three members and three guests were present at the banquet. Table decorations were in the club colors, lavender and white. The corsages were of the club flower, yellow roses.

The welcoming address was given by the retiring president, Mrs. Betty Houston. Mrs. Yancy gave the response. One of the guests, Mrs. Helen Strubling, senior contact chairman, also gave a brief talk.

Reports on the 53rd annual convention of the Illinois Federation of Women's clubs were presented by Mrs. Lois Yancy and the Misses Virginia Walbaum and Ruth Yancy.

Miss Ruth Jurgens, program chairman, introduced Miss Ruth Peterson of Virginia who played accordion selections and sang several numbers including "Merry Maids," "The Whiffenpoof Song" and "When Irish Eyes Are Smiling."

### Our Last Chance to Defeat the Gasoline Tax Increase in Senate

#### Oil Marketers and Dealers of Illinois:

## SENATE BILL 445

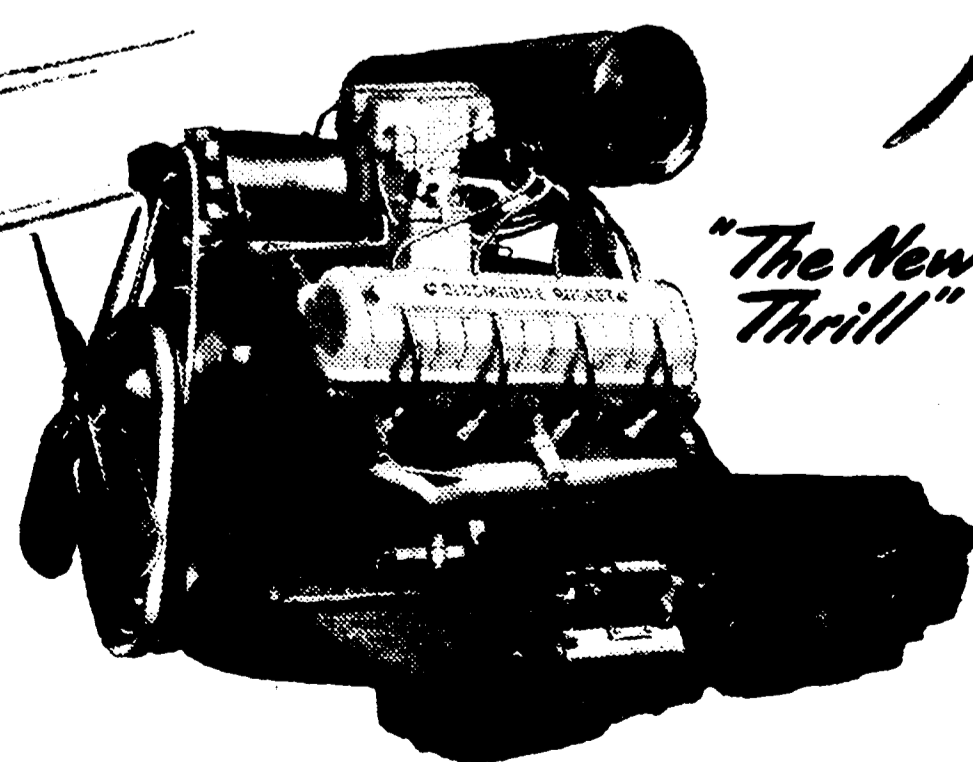

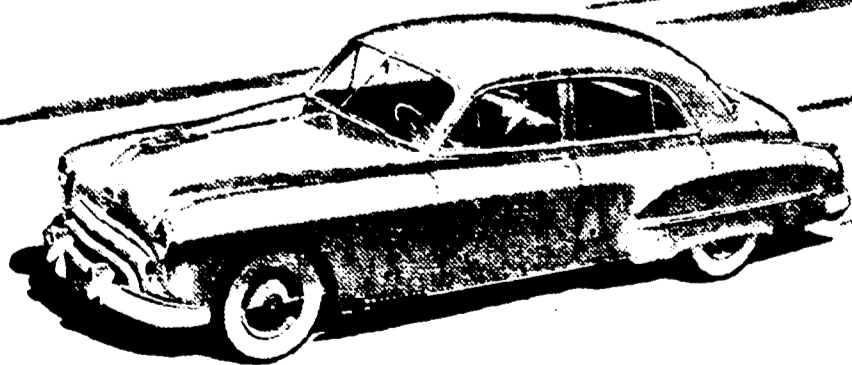

which increases the state gasoline tax to 5c a gallon, will be up for passage or DEFEAT in the Senate next week. This is our last chance in the Senate to defeat the measure. If we are to be successful we must have strong opposition from the voters in your legislative district. We urge YOU to write, telephone, or telegraph your State Senator, Capitol Building, Springfield, Ill., not later than Tuesday of next week, or contact him while he is at home over the weekend. This action is extremely important—don't delay. Your letters, telephone calls, and telegrams will be most effective. Your help is urgently needed to defeat the gasoline tax increase.

## Ceremony Unites Barbara Gust, And Wayne Lael

Vows of marriage were exchanged by Miss Barbara Gust, daughter of Mr. and Mrs. Dan Gust of Frederick, and Wayne Lael, son of Mr. and Mrs. Ross Lael of Virginia, in a single-ring wedding ceremony performed by the Rev. E. B. Morton at the First Methodist church in Beardstown Sunday at 3 p. m.

The attendants were Mr. and Mrs. Sam Suffern of Beardstown. The bride was attired in a street-length dress of white eyelet, with which she wore accessories of navy blue and an orchid corsage.

Mrs. Suffern was attired in a pink dress, with which she wore matching accessories and a corsage of pink and white sweet peas. The bride was graduated from Beardstown High school with the class of 1949 and is employed at Wells-Lamont factory at Beardstown.

Mr. Lael attended the Virginia school and is now employed at the Virginia Packing company. Immediately following the ceremony, the couple left on a short wedding trip. They will make the home with the bridegroom's parents.

## Mangrum And Snead Come One Step Nearer To PGA 'Dream Final'

Richmond, Va., May 27.—(P)—Lloyd Mangrum and Sam Snead charmed their skippy galleries today by killing off two opponents each and getting that much closer to the spectators' dream final in the PGA championship.

Neither of the veterans had to play out his rounds through the May chills at the Hermitage course. Neither par of 71, the 6,677 yards of narrow fairways nor their opponents were too bothersome to Mangrum and Snead.

Mangrum opened the day with an easy 6 and 5 victory over twice PGA champion Denny Shute of Akron, Ohio, his second opponent—Bob Hamilton of Landover, Md.—was a lot tougher but still not enough and the Niles, Ill., professional won, 3 and 2.

Early today Snead had to work from under a one-hole deficit to defeat young Jack Burke, Jr., of White Plains, N. Y., 3 and 2. The afternoon's second match play round was Snead's all the way and he won from Henry Ransom of St.

Andrews, Ill., in spite of hitting numerous bunkers, sand traps, two trees and a flag pole.

Ransom dropped out of the tournament, 3 and 1.

The sensation of the first qualifying round—George Schneider of Ogden, Utah—fell all the way from a great 66 medal score to a defeat today by former national open champion Lew Worsham of Oakmont.

Worsham was not awed by Schneider who is the boss of the touring pros, and defeated the Utah Mormon 5 and 4.

For a few hours today the old-timers in the small gallery watched Horton Smith but Al Brosch of Garden City, N. Y., put the champion of the pre-war era out with a 5 and 4 victory.

In one of the two twosomes of the afternoon Australian Jim Ferrier knocked North Carolina's Skip Alexander out with a 1 up victory.

Others still in the field tonight after a pair of 18-hole rounds included medalist Ray Wade Hill of Shreveport, La., Herman Barror of White Plains, N. Y., Johnny Palmer of Padin, N. C., Al Brosch of Garden City, N. Y., Lave Douglas, Wilmington, Del., Clayton Heafner of Charlotte, N. C., Jim Demaree of Ojai, Calif., Jim Turnesa of Briar Cliff, N. Y.

Today's survivors play 36 hole rounds tomorrow to determine the quarterfinalists. Marathon matches are on the program all the way until a successor is determined to the injured Ben Hogan next Tuesday.

Probably the largest drive of the tournament was Snead's 325-yarder on the third hole.

**Yankees Blank Athletics 3 To 0**

New York, May 27.—(P)—Home runs by Tommy Henrich and Yogi Berra shepherded the New York Yankees to a 3-0 triumph over the Philadelphia Athletics tonight. Unbeaten Eddie Lopat stopped the A's on six safeties to gain his fifth victory.

A crowd of 50,381 saw the game. Henrich's homer came with a man on base.

Joe Coleman yielded five safeties in dropping his fourth decision against five wins.

**Dodgers Shut Out Braves 4 To 0**

Brooklyn, May 27.—(P)—Veteran Preacher Roe turned in his second straight shutout tonight as he pitched the Brooklyn Dodgers to a 4-0 triumph over the Boston Braves.

The Dodgers scored all of their runs off Johnny Sain in the seventh inning with Spider Jorgensen knocking home three with a double.

Sain fanned eight before the sell-out crowd of 33,714.

It was Roe's third victory against two setbacks and his second over the Braves. Sain's record now is 4-4.

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, May 27.—(P)—Hogs and cattle continued their usual late spring rise this week, but still were far below prices a year ago. Hogs today topped at \$21.50, the highest since the last week of March compared with \$26.00 last year at this time.

In general hog prices were 25 to 75 cents higher than yesterday, most butchers taking \$19.00 to \$21.35 and sows \$15.50 to \$18.50 and a top of \$18.75. All supplies cleared well for the long holiday week end, the market being closed next Monday.

Chicago steers topped at \$28.00, compared with \$35.50 a year ago this week. Not much was offered in the way of slaughter cattle but the trade was fully steady to 25 cents higher than in the previous session. Good steers, heifers, and mixed yearlings brought \$26.00 to \$27.00 and medium steers \$24.50. Sausage bulls topped at \$23.25, and vealers at \$29.00.

Spring lambs were steady at \$32.00 to \$34.00 for small lots, but there were too few old-crop lambs to make a market. Ewes topped at \$12.50.

Among receipts for sale were 4,500 hogs, 1,000 cattle, 200 calves, and 1,000 sheep.

## New York Stock Market

New York, May 27.—(P)—The stock market saw-sawed along in slightly lower price territory today.

Losses were small—few topped a point—and a wide variety of issues either remained at Thursday's closing levels or even tacked on small gains.

Small losses, however, were enough to put a good handful of stocks at the bottom prices for the year.

The market will be closed tomorrow and also on Monday in observance of Memorial Day.

Trading was just about at the same slow gait as yesterday, which was one of the slowest days of the year. Turnover was at the rate of around 700,000 shares for the full session.

At their 1949 lows off and on were General Motors, Chrysler, Western Union, Eastman Kodak, and U. S. Steel.

Steadier spots included Deere, American Smelting, American Can, Dupont (old), Owens Illinois and Standard Oil (N.J.).

Railway bonds gave way to mild pressure.

**East St. Louis Livestock**

**GRAINS, SOYBEANS AND LARD DECLINE; SELLING HITS MART**

Chicago, May 27.—(P)—Grains, soybeans and lard dropped on the board of trade today. The market ran into several selling flurries during the session and showed little recovery power between them.

Prices got off to an easier start, following overnight news that the Senate had turned down a bill to give the Commodity Credit Corporation authority to provide additional grain storage space. Price depressing news mounted as the day wore on.

Receipts were: wheat 174 cars, corn 102, oats 65, rye none, barley 32 and soybeans 38.

Wheat closed 11-24 lower, July \$1.92-1, corn was 1-11 lower, July \$1.29-1, oats were 1-14 lower, July 58-2, rye was 1-1 lower, July \$1.37, soybeans were 1-21 lower, July \$2.18-2.19, and lard was 10 to 15 cents a hundred pounds lower, July \$11.30.

## Turnesa Gains Finals In British Golf Meet

Portmarnock, Ireland, May 27.—(P)—Willie Turnesa, stout-hearted little battler from Elmford, N. Y., fought through to victory in two blistering matches today to reach the final of the British Amateur Golf championship as defending champion Frank Stranahan bowed out.

Tomorrow the American amateur king will attempt to bring off the classic "double" of amateur golf when he engages Sam McCready, the 35-year-old Irish-born sharpshooter who ousted Stranahan, in a 36-hole struggle.

The youngest of the famous golfing Turnesas is the first player to reach the American and British Amateur finals four times since 1934-35. Willie won the British crown two years ago at Carnoustie.

Scrambling out of the rough most of the way, Turnesa was carried to the 19th hole before he disposed of Mick Power of County Cork in his quarter-final match this morning. Ernest Millward, a 27-year-old Englishman, took him to the 18th green in the afternoon before losing 1 up.

His opponent tomorrow, McCready, proved himself a sturdy competitor as he knocked out Stranahan, 4 and 3, in the quarterfinal and went on to subdue Ken Thom, the '46 English champion, on the 20th green in the afternoon. He was two under par when he closed Thom with a birdie on the second extra hole.

McCready, a former fighter in the RAF, said he yearned to play on the British Walker team against the U. S. in August, and that he figured the best way to make the team was to beat Stranahan. He caught the "strong boy" on an off-day, got him down and never let him up.

A high, cold wind off the Irish Sea caused Stranahan to wear a stocking cap down over his ears. His drives wandered far and wide, he missed several short putts, and he was a miserable ex-champion as he trudged off the 15th tee to be consoled by his father, Robert Stranahan.

In the afternoon, the wind gave way to chill showers.

Willie never stopped scrapping. All day his driving was atrocious, but around the greens he was as sure-footed as a Big Horn sheep.

**Cubs Out Of Celler; Schmitz Nips Reds 3-1**

Chicago, May 27.—(P)—Johnny Schmitz hurled a five-hitter today to pace the Chicago Cubs to a 3-1 victory over the Cincinnati Reds before a chilled crowd of 6,174. It was the third straight win for the Cubs, their longest streak of the season, and lifted them out of the cellar.

Emil Verban turned in a spectacular game fielded and at bat. He cracked out a double and two singles to spearhead the 11-hit attack on Howard Fox and Harry Gumbert. Furthermore, he figured directly in all run production.

Verban singled and scored on Frankie Gustine's hit in the first inning; in the second he drove across Roy Smalley with another single and in the fourth he dropped a double into short right to send Schmitz dashing home. In the field Verban handled 11 chances, some of them brilliant stops.

Schmitz, who won his second of the season, yielded a lone run in the fifth. Verban knocked down Jimmy Bloodworth's smash behind second but couldn't throw him out. Johnny Wyrostek forced Bloodworth, moved up on an infield out, and counted on a "blooper" single to center by Ted Kluszewski.

## Indiana Knocks Purdue Nine Out Of League Lead 8-5

LeFayette, Ind., May 27.—(P)—Indiana knocked Purdue out of the western conference baseball lead with an 8-5 victory over the Boilermakers today.

The Hoosiers slugged Bob Hartman for five hits and four runs in the first inning. Jim McGee, sophomore right-hander, blanked Purdue for six innings as his mates built up the score.

Purdue got to McGee for four runs on three hits, two walks and a wild pitch in the seventh, but it was too late. It was Hartman's first loss in five conference starts.

The result gave Indiana an 8-3 conference record and left Purdue with 6-3. They meet again tomorrow.

## Jacksonville Elks Defeat Arenzville

Arenzville.—The invading Jacksonville Elks softball line overpowered the local squad here Friday night. A triple play in the sixth frame featured the tilt and the final score was 4-0.

Fair, winning hurler, held the Arenzville batters to three singles and walked only one man. Mankier, pitching for the hurlers, allowed eight safeties, including a triple by Chumley.

Chumley, at second for the Elks, speared a line-drive in the sixth inning with Arenzville runners on first and second. He stepped on his sack and threw to Davis at first to close the frame.

The Elks have won three games and lost two in the current season. Victories include a 19-3 decision over the Beardstown American Legion and a 10-6 margin over Phillips 66 of Roodhouse.

The line-score:  
Elks C11 000 2-4 8 1

## WATER SAFETY TESTS COMPLETED AT I.S.B.

Beginner's and intermediate swimming certificates have been issued to several I.S.B. students after they completed their tests in Red Cross water safety.

Successful beginners included William Sexton, Robert Caniff, Larry McDonnell, Martin Edridge, Clifford Bent, Fred Hanfield and Walter Foster. Intermediate certificates went to Melvin Carter and Marvin Piper.

The courses were given by Ronald L. McLean, physical education director at the school and a water safety instructor for the local Red Cross chapter.

## Tigers Snap Losing Streak By Beating Brownies 5 To 4

Detroit, May 27.—(P)—Virgil Trucks pitched a six-hitter against the St. Louis Browns tonight and beat them 5 to 4 to snap the Detroit Tigers' six-game losing streak. Dick Kokos of the Brownies hit his eighth home run of the season in the eighth inning.

The Tigers, who lost nine and won only four games on their recent road trip, found their home park to their liking as they slammed out 12 hits against Charlie Embree and reliever Dick Starr.

A chilled crowd of 36,833 saw Trucks turn in some nifty pitching in the first night game of the season at Briggs Stadium.

Trucks fanned eight men, seven of the strikeouts coming up the first four innings. In the third inning, Trucks fanned Kokos, Roy Sievers and Sherman Lollar.

The Brownies got three runs in the first three innings, but from then on Trucks was tough on them as he allowed only two hits the rest of the way. One of these was Kokos' homer, a tremendous wallop into the second deck of the right field stands. It was Trucks' sixth win as against two losses.

The Detroiters tallied in four different innings, with George Kell and Aaron Robinson leading the hitters with three safeties apiece.

## Gabby Hartnett Trades Ball Bat For Golf Clubs

Chicago, May 27.—(P)—The field of 178 in Illinois' qualifying test Monday for the U. S. open golf tournament includes one Charles L. Hartnett of the Sunset Valley golf club, Highland Park, Ill.

That would be none other than Gabby Hartnett, formerly one of the major league's finest catchers and one-time manager of the Chicago Cubs.

Hartnett, who operates a Chicago bowling alley, admits he has never played competitive golf before.

"But I'm a competitor, ain't I," beamed broad-faced Gabby, "what's the difference. I'm just worried about whether I still hit to right. I've got to get them down the middle."

Joining Hartnett in the battle for 16 open berths will be such more polished golf performers as Joe Kirkwood, Jr., of Hollywood, Jimmie Hines, Jr., of Philadelphia, and Ernie Ball, Oak Park, Ill., pro, veteran Johnny Revolta, the Jack Hutchisons, Senior and Junior, and Marty Furgol of Albuquerque, N. M.

The U. S. Amateur golf title went to Bobby Jones in 1924, 1925, 1927, 1928 and 1930—more times than any other player.

## Cleveland Defeats White Sox 4 To 0

Cleveland, May 27.—(P)—With 38-year-old Al Benton twirling six-hit ball, the Cleveland Indians came to life tonight and beat the Chicago White Sox 4 to 0 before a "reopening day" crowd of 32,325.

The seventh place world champs, losers of 10 of their last 12 games, jumped on lefty Bill Wright in the third and seventh innings, getting two runs in each. Benton allowed the Sox only widely spaced singles.

Tonight's affair was a mock re-opener, with everybody going through the motions of re-starting the season because of the Tribe's poor showing so far.

Cast off last year to Sacramento by the Detroit Tigers, Benton hasn't pitched a bad game yet for Cleveland. He now has won two and lost two. In the two losses the Indians were shut out.

## St. Louis Cards Edge Pirates 2-1

St. Louis, May 27.—(P)—A combination of tight pitching by lefty Al Brazle and a two-run homer by rookie Eddie Kazak gave the St. Louis Cardinals a 2 to 1 victory over the Pittsburgh Pirates tonight.

Kazak's drive into the left field seats came after a pass to Enos Slaughter in the fourth inning. It was his fourth of the season.

Brazle gave up nine hits to the Corsairs, all singles, but kept them well scattered. He received brilliant support, especially from Kazak, Red Schoendienst and Stan Musial.

Brazle blanked the Pirates until the ninth when a single by Ralph Kiner, a wild pitch and a single by Joe Bockman produced their first run in 16 innings. Ted Wilks washed them over a seven inning stretch last night.

The result extended the Cards' winning streak to four games, their longest of the season, and forced the smoky cityians to take over the National league cellar.

## Full Softball Slate Planned For Memorial Holiday, Opens Tonight

With the apparent blessing of the weatherman and cooperation of beaming "Old Sol" the Jacksonville Recreation club has jacked the Memorial Day weekend chock full of cracker-jack softball games.

Two out-of-town clubs will invade Jacksonville's softball diamond to tangle with the best that local teams can throw against them on Saturday, Sunday and Monday evenings.

Russ Cole's Jay-Cee girls, winners in four straight contests to date, will start the ball rolling this evening when they entertain the Decatur girls in a game scheduled to get underway at 9:15 p.m. Bert Lauder is slated to start on the hill for the local femmes with "Fid" Phillips receiving her slants behind the plate.

**Kids Play Preliminary**

The Stoners' Restaurant junior softballers will play the K. C. sponsored Squires in the preliminary at 7:30 this evening.

The eals make it two nights in a row when they play host to the Granite City girls in the preliminary Sunday night. The game starts at 7:30 p.m.

One of the stronger "A" league senior teams, the Jacksonville Moose, has contracted to play Springfield's South Sixth Street Merchants in the 8:45 p.m. nightcap Sunday.

**Myers And Dealers Play**

Jacksonville Myers Bros. and Implement Dealers will conclude this busy Memorial Day softball program Monday night when they battle two Alton nines.

Bill Deutsch and his Myers Bros. crew open the Monday night calendar when they play the Alton Esquires at 7:30.

The Implement Dealers, a very highly touted local team, will entertain the Alton Water Tappers in the 8:45 finale.

Local teams, forced to stand-by for the past week by incessant rains, are eager to pick up where they left off on the softball diamond and promise Jacksonville fans plenty of action for these three nights.

## MOOSE NINE TO SMITHFIELD SUNDAY

Heinie Sommer, manager of the Jacksonville Moose baseball team wishes to notify all players that they will leave from the White Front Cafe at 12:30 p.m. Sunday.

The Moose nine travels to Smithfield this weekend for their third league game. They'll be gunning for their third straight win against loop competition.

To the U. S. Amateur golf title went to Bobby Jones in 1924, 1925, 1927, 1928 and 1930—more times than any other player.

Here are the first round scores of Illinois golfers:  
John Reif, 44-43-87  
Ray Kempel, 40-40-70  
George Culp, 39-41-87  
Dave Logan, 39-40-79  
Art Wyatt, 42-42-84  
Bart Quackenbush, 33-41-79.

The youngest U. S. Open golfer, champion was Horace Rawlin, who won the second open at Newport, R. I., in 1895, at the age of 19.

"A Favorite Hymn" was the topic for roll call. Devotions were led by Mrs. Edna Moss. Mrs. Everett Hymes gave the study lesson on "The World at Our Door." Reports on the annual W.S.C.S. conference were presented.

Guests were Mrs. E. A. Bollman, Mrs. Gilbert Cannon, Mrs. Carl Lier, Mrs. Claude Petefish, Mrs. Wilson Henderson and Lois, and Mrs. Marshall Fanning. Refreshments were served.

Mrs. J. D. Bunting will be hostess for the June meeting. Devotions will be led by Mrs. Howard Houston. Mrs. Floyd Hess will have charge of the lesson study.

## V.F.W. Completes Plans To Dedicate Flag Poles Monday

Final plans for dedicating the new flag poles at the local cemeteries on Memorial Day were made by Morgan County Post 1379, Veterans of Foreign Wars, at its meeting held Thursday evening at the V.F.W. home.

The dedication will take place following the services in Central park. Short ceremonies will be held at each of the four cemeteries.

During the business session, presided over by Commander Earl Jordan, members voted to supply a \$25 grocery order to a needy veteran's family. A report on final plans for the Buddy Poppy sale on Saturday was given by Raymond Hart.

Lendell Prickett, newly-elected trustee, was given the oath of office by Past Commander Harry Liming. Obligations of membership were given to William Buescher, Elmer Hohman, Aaron Gunterman, and Paul Vedder.

New members accepted into the post are John V. Glander, Elmer P. Hohman, Ormand W. Chandos and Charles W. Mills. John Wiley Campbell was reinstated into membership.

## Dr. Ewert Praises American Way At Kiwanis Meeting

Dr. Arthur F. Ewert, speaking Thursday at the meeting of the Kiwanis club, praised "The American Way," saying "We have raised the standard of living to the highest level ever reached by any nation in the history of the world."

Dr. Ewert pointed out the advantages of Americanism, when he showed the differences between the "two rival types of government which today are striving for the mastery of the world."

"One is the totalitarian state, based on coercion," declared Dr. Ewert, while the other is "our democratic state, based on the free consent of the people; one rests on physical force, the other on the dignity of human personality; one crushes individuality, the other exalts it; one believes in God; the other believes in super-state, the master-state, the God-state."

The speaker continued by saying that in America "free men have developed our way of life to a point where the U. S. with only 5% of the world's area and only 6% of the world's population, operates 30% of the world's railroads, uses 1/3 of its electrical energy, has 49% of the world's telephones and drives 72% of all the automobiles."

"It is not only that Americans are better off than people in other lands," said Dr. Ewert in his closing remarks, "It is just that the American Way of Life works better than any system that has ever been devised."

## Alexander 4-H Club Has Meeting

The Alexander Sunny Sues 4-H club met at the home of the leader, Mrs. Calvin Allee, at which time new officers were elected.

Those chosen were Mary Coop, president; Doris Wright, vice president; Bernice Hermes, secretary; Donna Wright, reporter; Betty Hermes and Katherine Kindred, program committee; Christine Hermes and Cynthia Isaacs, recreation committee; and Betty Ankrom, song leader.

The next meeting will be held with Miss Cockin.

## VFW Poppies To Be Sold Here Saturday

The Veterans of Foreign Wars observance of its 50th anniversary this year gives added significance to the annual sale of V.F.W. Buddy Poppies to be held in Jacksonville on Saturday, May 28th, Commander Earl B. Jordan of Morgan County Post 1379 V.F.W., declared.

Buddy Poppies are the handwork of veterans who are still confined

to government hospitals. The proceeds of the sale are used entirely for veteran welfare.

About two-thirds of the funds raised will remain in Jacksonville to aid needy veterans and their dependents, through the office of George Vasconcellos, post service officer.

A portion will be paid to the disabled veterans who made the poppies.

One cent per poppy sold will be used to help maintain the V.F.W. National Home for war orphans and widows at Eaton Rapids, Mich.

One and one half cents per poppy will be used in maintaining the V.F.W. National Rehabilitation Service.

This is the 28th consecutive year in which the V.F.W. Buddy Poppy has been sold nationally as a means of aiding the needy ones who made sacrifices in our nation's wars. Saturday, May 28th, has been set as the sale date in Jacksonville. Post Commander Jordan has advised. It is expected that six thousand Buddy Poppies will be sold locally. The price is whatever the contributor wishes to give. Generous contributions are asked in order to carry out the great amount of veteran welfare work necessary.

In charge of this year's Poppy sale is Raymond Hart and Leo Campbell, assisted by the Ladies' Auxiliary and high school girl volunteers.

## Three Injured As Car Smashes Into Concrete Culvert

Six persons narrowly escaped serious injury Thursday evening when their car smashed into a concrete culvert on Highway 36, about two miles west of Winchester.

Calvin Stanbury, his wife and four children were returning from a visit with relatives near Winchester when the accident occurred.

Mr. Stanbury said that the car threw a tire rod, making it impossible for him to steer the car or apply the brakes.

He was traveling at a slow rate of speed when the car hit the culvert, otherwise the accident might have had more serious results.

Mrs. Stanbury and two of the children, Lucille Vernis and Roy Harns, were injured. Mrs. Stanbury suffered a severe cut on her knee cap. The little girl sustained an eye injury and the boy had an injured leg. Their condition is not believed serious.

They were brought to Our Saviour's hospital following the accident and received emergency treatment. X-rays were taken Friday morning.

Mr. Stanbury and the other two children, John Edward and Doreen, were not hurt.

The car, a 1938 Chevrolet, was badly damaged in front.

Sheriff Randall Killebrew and Scott county authorities visited the scene of the accident.

## Swimming Rights For Scouts Urged; Loop Ordinance Adopted

Failure of the city council to approve a lease of lakeside land to the Honest Abe Boy Scout Council because several aldermen objected to swimming privileges was tagged "discriminatory and unfair" by some 30 Jacksonville men who last night urged the council to reconsider its action.

The delegation appearing before the council included officials of the Abraham Lincoln Scout Council, Honest Abe district, scoutmasters and laymen. A battery of speakers pounded away at the advantages of supervised swimming, which they said have been denied to 500 or more Scouts of this community by negative action on the lease.

Last night's session was a follow-up of the meeting Monday night at which the council voted five to four to enter into the lease of a 23 acre tract to the Scouts, a majority insufficient to pass it, as the law requires a two-thirds majority on leases of municipal property covering more than a two year period. Three of the four aldermen who voted against the lease earlier this week explained their position in the presence of the visiting delegation.

**No Changes Made**  
Mayor Hoagland urged reconsideration of the question and called for such a motion, but none was offered. The status of the Boy Scout camp on Lake Jacksonville, and that of the Girl Scout camp, remained the same when the meeting adjourned. While most of the time was devoted to a discussion of the Scout lease and swimming privileges, the council earlier in the meeting took final action on an ordinance of Mr. Mr. Bergery said the men who weigh in importance to taxpayers—the Scout movement are proud of the ordinance. This important piece of business passed on a unanimous vote, setting up the machinery for a \$298,157 project, which Mayor Hoagland said he believes is the largest municipal project in Illinois at present.

Paving of loop streets, the building of a new storm sewer, curbs, sidewalks, gutters, and the laying of a boulevard light conduit are authorized in the ordinance, which directed the mayor to petition the county court to spread assessments against the properties involved. The loop improvement will be

## PLANES AND POISON TOUGH ON ARMY WORMS

Zooming airplanes are spreading a lot of poison throughout the Cornbelt these days, spraying chlordane or toxaphene to combat the rather large first brood of army worms.

Gene Nesselhaus, Quincy pilot (center), says low-level flying is exacting and tiring. In four hours Friday he sprayed more than 300 of the 450 acres of winter wheat grown in the fertile Illinois river bottoms west of Route 100 by George Webel of Pittsfield.

Webel contracted Nesselhaus to do the job after Farm Adviser Robert S. Clayton of Scott county (left) examined the fields and decided the worms would do enough damage to justify the expense of spraying.

An employee of the Quincy firm is filling the tank with 80 gallons of poison, enough for 40 acres of wheat.

Darius Hammet of Pittsfield drags his red-flagged marker as he scuttles out of the path of Nesselhaus's plane rearing at 90 miles an hour and five feet over a luxuriant wheat field. Low-level flying is necessary to accomplish a good spray job, Nesselhaus feels.

## MacMurray Societies Give Spring Banquets

Against a background of spring flowers and gay decorations the gathering, of which the theme Murray entertained alumnus and friends at their annual formal spring banquet Friday evening.

## Police Hold Auto Driver After 3 Car Crash Friday

Jack Mosley, 240 East Washington street, was being held in the city jail last night following a three car traffic accident which occurred about 3 p.m. Friday on South Clay avenue near E. State street. Two persons were slightly injured in a pile-up of two automobiles and a jeep.

Investigating police said Mosley had no insurance on his car and had not applied for a state license.

According to reports made to police, Paul E. Kelly of Gary, Ind., was driving north on Clay avenue when his car was struck in the rear by a 1936 Buick driven by Mosley. Kelly drove into a MacMurray college driveway and Mosley collided head-on with a jeep driven by Franklin K. Chandler, Jr., Illinois college student.

The Indiana car and the jeep were not damaged much; Mosley's car was towed to a garage.

Mrs. Kelly suffered a bruise on her head and Chandler received a cut on his forehead.

Police Officers Campbell, Woods and Wilson investigated the crash and took Mosley to the police station. A preliminary hearing on the case is planned for today.

## 15 College Girls Complete Tests In Life Saving

## Honor D. P. Artist, Writers At Assembly

Nine David Prince students, winners of certificates of merit in the annual International Good Writers club contest, were honored Friday afternoon at a special assembly conducted by Miss Marguerita Schoedack, art consultant in the local public schools.

Sue Ann Hackett, daughter of Mr. and Mrs. John T. Hackett, received an engraved plaque for first place in the eighth grade Illinois section of the "America the Beautiful" contest. Miss Hackett's picture was of black horses in a cornfield.

The presentation was made through John Conant, D. P. principal, and Miss Kay Toussaint, art teacher.

**Award Certificates**  
Writing certificates were awarded to JoAnn Ode, Frances Manhall, David Olson, Richard Hamilton and Gary Curtis, eighth grade; and Nancy Dalton, Wilma Dobbs, Peggy Miller and Myrna Trone, seventh grade.

Work in handwriting is promoted in the home rooms by good writing ambassadors, sponsored by the Good Writers club directed by Miss Schoedack. They include Jack Gillespie, Janet Pires, Shirley Colclasure, Barbara Wadlin, JoAnn Ode and Janet Pires.

Each eighth grade student was presented with a history of his writing, including samples from each year beginning with the first class, Barbara Wadlin, JoAnn Ode and Janet Pires.

## Repair Of Bridge At Nichols Park Will Be Up For Vote Saturday

Jacksonville citizens will determine at a special election Saturday whether the causeway across the lake at Nichols park shall be rebuilt or remain barricaded because of its unsafe structural condition. The question of issuing \$27,000 in bonds for repair of the bridge and other park improvements will be answered by a Yes or No vote on a small ballot.

Polling places will be located at each of the four ward elementary school buildings. Citizens will vote in their own wards. Polls will open at 6 a.m. and close at 5 p.m.

The election was called by the city council after the park board recommended a bond issue for the purpose of rebuilding the causeway and other park improvements. The causeway over the lake was closed to traffic more than a year ago when it settled and bulged. Direct access to the picnic area and playgrounds has been cut off since the bridge was closed.

Judges and clerks were appointed by the council to handle the election at the four polling places. They will tabulate the vote as soon as the polls close, reporting the results to the city clerk's office.

## Veterans To March In Memorial Day Parade

Veterans of World Wars I and II will march in parade on Monday, May 30, Memorial Day, as a tribute to their fellow soldiers who fought and died.

Marching with the veterans will be members of their auxiliary organizations, as well as members of various civic groups throughout the city.

Two bands, the State hospital band and the Jacksonville High school band, will be featured in the parade. The veterans organizations will have their colors on display. Also taking part in the parade will be the Boy Scouts and Girl Scouts.

The parade will form at 10:30 a.m. at the corner of Kosciusko and West State streets and proceed to the square, where a special memorial service will be conducted.

The address will be given by the Rev. John Collins, Rev. Father John Morris will offer the invocation. The customary 21 gun salute will be given.

Following the ceremonies, the Veterans of Foreign Wars will dedicate the new flag poles at the four local cemeteries, Diamond Grove, Memorial Lawn, East and Calvary.

All of the veterans' groups will hold open house at their respective homes during the day.

## Illinois College Senior Ball Held Friday At I.S.D.

The Illinois college annual senior ball, the last formal social event of the school year, was held Friday night from 9 a.m. to 1 a.m. at the Illinois School for the Deaf gymnasium.

Music was furnished by Bud Roderick and his 11-piece orchestra from Champaign, with Stan Williams as vocalist. Ted Mikita was featured on the drums.

Roderick and his orchestra, acclaimed over central Illinois for their smooth and sweet dance music, appeared on the I.C. campus earlier this year at the junior prom.

Illinois college girls living in the dormitories were allowed 1:30 a.m. permission for the ball.

The prom was under the chairmanship of Jack Hudson, assisted by Ed Armstrong, Al Hudson, Bob Smith, Charles Otto and Edwin Johnston. John Clouser had charge of the coat room and door.

## Escapee Nabbed By Greene Sheriff Near Carrollton

Carrollton—Ernest Morgan was apprehended about 9 p.m. Friday at a farm house east of Carrollton and was returned to the Greene county jail at Carrollton, where he escaped during the supper hour the preceding evening.

The 23 year old Carlinville man had been hiding in the woods about five miles east of Carrollton since making his break from jail by picking the lock on his cell door Thursday about 6 p.m.

He had gone to the Earl Hartwick farm and asked for supper saying that he had not eaten during the day. After supper, he requested Hartwick to take him to Rockbridge. Hartwick told him that he had an errand to do, but that he would take him to Rockbridge when he had finished.

Hartwick came to Carrollton and notified Sheriff Arthur Powell, who in company with Deputy Guy Cunningham, proceeded to the Hartwick farm, where Morgan was captured.

Morgan is charged with burglary and larceny of a Hillview filling station and with the theft of a car belonging to Kendall Seely of White Hall.

This was the second jail break for Morgan. He recently escaped from a Carlinville jail.
